

I know you have a decision to make on Lenny's sentence on Thursday. Please know that Lenny can do so much more good for his family and the community with him doing community service. I am currently a Lieutenant in the North Andover Fire Department where I have worked for the past 28 years. I have had the opportunity to meet thousands of people in my community and Lenny has always been a great part of our community. Thank you for taking the time to hear my thoughts about this matter and my friend Lenny Degan.

Sincerely,
